Dear Wesleyan Alumni, Parents and Friends,

From the soaring peaks of New Zealand’s Southern Alps and Sydney’s glittering skyline to the underwater jewels of the Great Barrier Reef and the primeval tones of the Aboriginal didgeridoo, the unrivaled riches Down Under are like no other on Earth.

Join us on this spectacular 13-night journey that uncovers the vibrant cultures, the stark contrasts and magnificent landscapes of both New Zealand and Australia. Immerse yourself in the remote beauty of New Zealand. Delight in the stunning vistas of Queenstown, Lake Wakatipu and the Remarkable Mountains. In Australia, stay in bustling, sophisticated Sydney, a city renowned for its magnificent harbor setting, white sandy beaches and brilliant architecture as highlighted in its landmark Opera House; learn about the Aborigines’ rich heritage at the Tjapukai Aboriginal Cultural Park near Cairns.

One of the great highlights of this program is an exclusive three-night cruise along the Great Barrier Reef, a UNESCO World Heritage site and one of nature’s greatest wonders, aboard the intimate CORAL PRINCESS II. Known for the warm Aussie hospitality of its crew and carefree ambiance, this stylish expedition cruiser moors alongside secluded reefs and islands, where you can observe the spectacular underwater world from the comfort of a glass-bottom boat or while snorkeling. The CORAL PRINCESS II’s onboard marine biologist will share his passion for, and knowledge of this unique natural treasure.

The Great Barrier Reef is a natural wonder like no other. Tens of thousands of species of fish, coral, reptiles and plants inhabit more than 3,000 individual coral reefs and 900 islands spanning 1,400 miles of the Coral Sea. As many as 250 species of shrimp alone can thrive in the waters surrounding a single reef.

Explore a virtual kaleidoscope of marine life—fluorescent-colored coral, giant green sea turtles, pink striped rainbow fish, lumbering dugongs or sea cows, multicolored clown fish and playful dolphins.

Revered by local Aborigines for millennia and “discovered” by the renowned explorer Captain Cook in 1770, the Great Barrier Reef today is a UNESCO World Heritage site protected under the strict environmental authority of the Australian National Marine Park.

The morning tour reveals the charm and treasures of Queenstown and its environs.

Step back into the pioneering days of the 1860s gold rush during a visit to the historic mining settlement of Arrowtown, where traditional pubs and shops are reminiscent of America’s Old West. In the Lakes District Museum, fascinating exhibits paint a vivid and authentic portrait of 19th-century life in New Zealand’s frontier country. Stop at the historic Kawarau (suspension) Bridge, constructed in the 1880s and made famous by bungee jumpers diving into the spectacular Kawarau gorge. This afternoon, you can ascend Bob’s Peak by cable car for breathtaking views of Queenstown, Lake Wakatipu and the Southern Alps.
Enjoy panoramic views of deep blue Lake Wakatipu and the aptly named Remarkables mountain range beyond it from Bob’s Peak.

This evening experience traditional Kiwi hospitality and cuisine, and gain personal insight into the lives of typical New Zealanders during a specially arranged dinner in a private home.

Continue to the scenic Hinchinbrook Channel and Family Islands, populated with mangroves, mountainous cliffs and green forests. Visit Pelorus Island (Yanooa Island, per the Aboriginals) a national park whose fragile, pristine ecosystem is protected by the Australian government. Enjoy a nature trek through the lush rainforest accompanied by the **CORAL PRINCESS II**'s marine biologist. The island is surrounded by a spectacular fringing reef with thousands of colorful fish and fascinating sea creatures including giant turtles, graceful rays and mysterious dugongs—the sea mammals believed to have inspired the myth of the mermaids.

Then savor a typical Aussie-style barbecue lunch on one of Pelorus’ sandy white beaches.
